TOMY

TOMY's mission to Make the World Smile

is not just about the smiles that light up children's faces, it's also about the smiles of our retail partners who can offer exciting new products from top brands, and the smiles of parents watching their children play with toys infused with that classic TOMY magic.

TOMY is providing smiles for the future too by working to become a more environmentally sustainable company. As we continue to bring smiles to the faces of children today, we are committed to doing so in a way that will help keep future generations smiling too.
